

Good morning,

Although it is technically still winter, before you know it spring will arrive and then school will be out for the summer! Last year we premiered our new Community Pool Membership Cards which we thought went swimmingly! Each year when you renew your membership, the card you received for your initial membership will automatically be updated to use again. The cards can be either digital or physical, your choice! Each time you go to the pool, you will need to have your membership card scanned.

The card has a photo attached to your account, not on the card. We ask that parents of young children have their child's photo taken every year or so since they grow so fast! New members this year will have to send us a headshot photo to: [recreation@aurorarec.com](mailto:recreation@aurorarec.com) or come into our office at 575 Oakwood Ave 2<sup>nd</sup> floor to have a photo taken. Our office is open Monday-Friday 8:30am- 4:30pm.

If you have not yet purchased a pool Membership, please click on the link below for step-by-step instructions.

Memberships will be available for purchase on our website: [www.aurorarec.com](http://www.aurorarec.com) beginning today, March 11<sup>th</sup>. Please give us a call if you have any questions. 716-652-8866.

**On another note**, a little clarification for Day Camp Online health/ immunization records. If you are planning on registering for **BOTH** Hamlin Park and JP Nicely, you will need to submit your child's immunization records once, but answer the health questionnaire twice.....once for each camp.

Sincerely,

The Town of Aurora Recreation Department
